	Full Name (Print):
	Contact Number:

**Educational Purpose of the Fieldtrip**

1. Provide students with a first-hand experience and exposure to an Asian American community.
2. Have students meet with community leaders and discuss the history of their community centers
3. Visit the Filipino American National Historical Society Museum and view the exhibits
4. Allow students to engage in visiting and documenting an Asian American community

**Safety, Hazards & Mitigation of Hazards**

Downtown Stockton is an urban center that has the same risks and hazards of downtown Sacramento and any major urban center in America. The downtown Stockton area we are visiting is near the Police Station and the Court House, areas that have frequent public safety presence. There are many small businesses in the Little Manila Center and FANHS Museum area. However, as in any major urban area, practice appropriate awareness and caution.

**Overview & tentative schedule of the Tour**

Meet at 11 am at Little Manila Center where the Center executive director or staff will give a briefing and tour and cultural demonstration. Then at 12 pm, we will walk 2 blocks to the Mexican Heritage Center and Art Gallery. We will then walk to the FANHS Museum and at 1 pm have a docent tour of the Museum. We end the Tour at 2 pm. Students can have lunch next-door at Papa Urb's, a Filipino American restaurant.

**Class Assignment**

1. Write notes of your observations from the visit and document/photograph the visit.
2. Page 1: Write a 1-page summary of your visit and provide details about "who, what, where, and why" information.
3. Page 2: Write a 1-page summary of how this community visit related to what you learned in class
4. Type your answer and submit via SacCT on the due date given by the Professor.

## Driving Instructions

1. Look up & follow the driving instructions to Little Manila Center via Google Maps.
2. Park near the Little Manila Center or the FANHS Museum--see map for location.
3. Parking is free on weekends.
4. MEET at the appointed place as indicated by Dr. Sobredo & posted on Class webpage.
