GRADING CRITERIA FOR MIS 102
(Preliminary – subject to any change in assignments)

Assignment	Criteria	Points to Deduct
All Programs	No comments in Identification Division	-4
	No comments in Procedure Division	-4
	PIC, VALUE and/or USAGE clauses not aligned	-1
	In-line perform statement, GoTo	-5
	Paragraph longer than one page	-2
	No checked or compiled listing	- total pts
	Module out of order	-5
	Module invokes another module with not same alphabetic letter (excluding X--, Y- - types)	- 5
	Module invokes another module with a lower number (excluding X - - , Y - - types)	- 5
	WORKING STORAGE items without the WSnn – prefix, each occurrence	- 1
	Poor module cohesion (multiple purposes, etc)	-2 to -5
	Not achieving program objective	- total pts
	No report output	-3/4 total pts
	Errors on report	-1 to -2
	No Hierarchy Chart (computer generated where required)	-15
	No Flowchart (computer generated where required)	-15
	Wrong symbol used on Hierarchy Chart or Flowchart	-1
	Hierarchy Chart/Flowchart missing header info (name, class, section #, assignment #, page number and date on each page), each occurrence	-1
	No page references on Hierarchy chart and Flowchart	-1
	Late points: first 5 days @ 2 points each day; next 5 days 1 point each day (not inc. weekends and holidays); no points after 10th day	
	No Folder, missing section #, assignment #, name	-1 each

GRADING CRITERIA FOR MIS 102
(Preliminary – subject to any change in assignments)

Assignment	Criteria	Points to Deduct
	Wrong Totals	-5
	Wrong pagination	-2
	Wrong output format	-5
	Accumulators do not have USAGE COMP clause	-1
2	**Multi-Level Tables**	
2a	No hierarchy chart	-4
	No employee file report	-2
	No compiled program	-5
	No salary file report	-4
2b	Salaries in wrong location	-15
2c	**See above General Criteria**	
3	**Linked List Program**	
	Report of the original list	-3
	Report of the sequential list	-3
	Report of final list	-3
	No head pointer/stack pointer (one point each)	-1
	Use of SEARCH verb to process file	-10
	No update of linked list	-30
3a	Hierarchy Chart – Value: 10 points	
	Compiled Listing and Report – Value: 10 points	
3b	Print-out of LISTMAINT.DAT – Value: 5 points	
	Transaction report of delete records – Value: 15	
	Modified Host Vector – Value: 10 Points	
	Final Values of LIST-PTR, STACK-PTR – Value 5 pts	
	Compiled Listing	-Total pts

GRADING CRITERIA FOR MIS 102
(Preliminary – subject to any change in assignments)

Assignment	Criteria	Points to Deduct
3c	Original Host Vector and values of pointers – Value 5 pts	
	Printout of LISTMAINT file – Value: 5pts	
	Complete Transaction Report – Value: 10 pts	
	Final contents of Host Vector and the pointers - 10 pts	
	Printout of data list (in order) – Value: 10 points	
	Hierarchy, Flow Charts and Compiled Program Listing – See General Criteria	
4	**Linked Lists Using Relative File**	
	See Assignment 3c, (but no hierarchy or flow charts)	
5	**Indexed File Processing**	
	Not loading into index file	-20
	No routine and message for handling non-existent courses	-2
	No subprogram with the CALL..USING…format	-15
	No use of an intrinsic function	- 5
	Other point values are described in the assignment	various
