

## Chem. 6A S2005 Homework Schedule

- Homework assignments are due at the beginning of class each Friday.
- **NO LATE HW WILL BE ACCEPTED.**
- HW will not be graded, it will be checked for completeness. (If you do half the problems, you get half the points.)
- Each individual HW assignment will be worth 20 points, which is normalized to a maximum total of 50 points towards your grade. (i.e. each HW set is really worth 3.33 points,  $3.33 \times 15 = 50$ )
- HW that is not stapled, illegible or appears to be a “copy job” will not be accepted.
- It is in your best interest to work the problems on your own. I as well as the lab instructors will be available for help during office hrs. You must at least attempt the problems before asking for help.
