**THURSDAY,**

**SEPTEMBER 26, 2024**

**12:00-2:00 P.M.**

**FOOTHILL SUITE, UNIVERSITY UNION**

**[REGISTER HERE](#)**

Ranked Choice Voting (RCV) is an election system that lets voters rank candidates by preference on their ballots. In communities that start using RCV, it improves voter turnout, voter choice, and representation of people of color and younger voters.

As additional communities consider using RCV for their own elections, this panel will discuss the outcomes that RCV has produced in regards to representation, diversity, and equity.
