Finance Minor

Effective Fall 2024

The Minor in Finance is designed to provide students in other fields with the opportunity to broaden their undergraduate education by acquiring basic training in finance. Students can study a variety of topics in finance, such as corporate financial management, investment, portfolio management, and international finance. The program is rigorous but flexible. Students from non-business majors or business major with concentrations other than finance will find the minor beneficial in broadening their knowledge and opening up additional employment opportunities.

A student wishing to minor in Finance must file a Minor request petition (obtained in the Undergraduate Business Advising Center). At least nine (9) upper division units must be taken in residence.

To earn a minor in Finance, a student must have a minimum 2.0 (“C” average) grade point average in the courses presented for the minor, with a minimum acceptable grade for any course being a “C-”.

Finance Minor Requirements (12units)
