PROGRAM OVERVIEW

DESCRIPTION

The PK-3rd Early Childhood Education Instruction Specialist Teaching Credential (PK3) program is hybrid and focuses on preparing effective teachers for an urban setting, including a foundation in social justice and equity. It authorizes the holder to teach all subjects in Pre-kindergarten through 3rd grade classrooms. Coursework specifically builds on child development expertise, an understanding of developmentally appropriate practices, skills related to creating culturally sustaining, linguistically affirming and student-centered curriculum, and strategies for building strong learning communities for young children. This credential embeds the English Learner Authorization (ELA), which prepares candidates to work with second language learners.

The program is Summer + 2 semesters and requires full-time student status, with field experience and student teaching requirements in Sacramento area public schools. The program is also designed to provide full access to working Early Childhood Education professionals, with equivalencies granted for qualifying professional experience.

LEARNING OUTCOMES

- Critically analyze historical and contemporary purposes, roles and functions of education in American society;
- Identify historical origins and principles of educational equity and critically analyze the implementation of these principles in schools;
- Demonstrate the ability to differentiate and adapt assessment and instruction using a variety of evidence-based strategies and inclusive practices;
- Use assessment data collected during the cycle of teaching as a foundation for improving their teaching and their students' learning;
- Explore/integrate major concepts, principles, theories, and research related to the cognitive, social, and cultural development of children;
- Critically analyze and apply Teacher Action Research approaches and designs;
- Describe and analyze data collection tools and methods used to conduct the Teacher Action Research;
- Explain how data is used to inform teaching, curriculum development, and educational policy and systemic practices;

PROGRAM OPTIONS

- Complete the credential and MAT coursework within two academic years
- Summer + 2 semesters (part-time) MAT coursework
- Candidate who wish to pursue the MAT coursework at a later date can do so
