

CENTER FOR HEALTH PRACTICE, POLICY & RESEARCH

Sacramento State

CHPPR Annual Conference 2025 *Athletes Interrupted*

Philanthropic Levels of Support

Gold Medalist | \$5000

At the Gold Medalist level, you expand student access to critical learning experiences, reduce financial barriers, and fund unique community-based educational opportunities. This gift enables us to provide opportunities for 10 individuals to attend the *Athletes Interrupted* conference, including a meet and greet event and photo opportunity with the keynote speaker, and includes prominent donation recognition on the conference website and at the event. Your support fosters real-world skill development, connecting students, faculty, and community members as we work to meet critical health and wellness needs in the community.

Silver Medalist | \$2500

At the Silver Medalist level, you enable meaningful community engagement, health equity initiatives, and interprofessional collaborations for our students. This gift enables us to provide opportunities for 10 individuals to attend the *Athletes Interrupted* conference and includes an opportunity to meet the keynote speaker and donation recognition on our conference website and at the event. Your support empowers students by equipping them with hands-on experiences and valuable mentorship while simultaneously providing invaluable health and wellness services to the community.

Bronze Medalist | \$1000

At the Bronze Medalist level, you demonstrate your profound commitment to advancing the education of students in the College of Health and Human Services. This gift enables us to provide opportunities for 10 individuals to attend the *Athletes Interrupted* conference, expanding their professional network and learning from industry leaders, and includes acknowledgment of your gift at the event, celebrating your role in supporting educational excellence and growth.

Vendor Supporter | \$300

Your gift enables us to provide opportunities for 2 individuals to attend the *Athletes Interrupted* conference, expanding their professional network, and includes a vendor table to share expertise and information in alignment with the CHPPR mission of impacting community health by promoting collaboration, interprofessional practice, and innovation to reduce health inequities in California's capital region. This support enriches the learning experience for all attendees. ** Limited Availability
