Course Learning Outcomes:

GRADUATE

Mastery of each student-learning outcome listed below is indicated by a grade of B or better on each component of the corresponding measures listed in the table. Students are required to track their progress towards meeting each learning outcome and must make an appointment with the instructor for any grade equal to or less than a B. The instructor will suggest strategies to help you establish competence and knowledge in these areas.

Students should track their progress towards meeting each learning outcome by listing their grades on the table below over the course of the semester.

1. Assess the client's current communication disorder, by designing and carrying out an individualized assessment
2. Create pertinent history interview questions
3. Add and/or revise history questions based on information provided by client/caregiver during interview
4. Interpreting test and therapy results with the client/caregiver at least three times in the semester in the therapy room
5. Creation of a home program during and at the conclusion of the semester that includes a client/caregiver training system
6. Interpret the assessment results and create the semester's specific, objective, measurable goals and objectives for each client
7. Competently complete required clock hours
8. Write lesson plans and SOAP notes which include long term goals, short term objectives, treatment methods/procedures and data for each session
9. Write initial and final case reports for each client that includes history, evaluation and therapy (including goals and objectives) information that is written to professional standards
10. Attend meetings with your supervisor on a weekly basis
11. Evaluate the students own clinical strengths and challenges
12. Participate in a midterm and final performance evaluations and conferences
13. Implement professional and ethical behaviors and demonstrate these behaviors during interactions with clients, caregivers, clinical instructors and clinic staff
