Course Learning Outcomes:

Mastery of each student learning outcome listed below is indicated by a grade of C or better on each component of the corresponding measures listed in the table. Students are required to track their progress towards meeting each learning outcome and must make an appointment with the instructor for any grade equal to or less than a C. The instructor will suggest strategies to help you establish competence and knowledge in these areas.

Students should track their progress towards meeting each learning outcome by listing their grades on the table below over the course of the semester.

Upon completion of this course the student will be able to:

1. Conduct a search of the literature using relevant keywords and search terminology
2. Review research articles appropriate for the study background and purpose
3. Present the results of the literature search in written and oral modalities
4. Contribute to study design under the guidance of faculty in the Department
5. Implement appropriate data collection procedures
6. Present study information via written or oral modalities with the following components: study background/purpose, methods, results and discussion

Course Learning Outcome	Components Indicating Competence	Grades Received

5-6	proposal presentation; final project & presentation	

Textbooks and Materials:

Journal articles, abstracted from CSUS library e-journals website, Google Scholar, and other online resources will be assigned based on the student's individual project.

Online Resources:

Information will be provided on Canvas.

Course Requirements/Components:

Class Attendance: Attendance will be expected and roll will be taken. If you are unable to attend the session, you must notify the instructor by email prior to the scheduled time. You are allowed to miss one class period, regardless of reason. If you miss more than the one class period, your class grade will decrease by one grade level for each additional absence (e.g., from "A" to "A-"). Please arrive **ON TIME** to the study session, as being punctual is a professional skill to develop and maintain.

Due Dates for all Assignments: Due dates will be established by the student and instructor following discussion.

1. Requirements. Students are expected to attend an orientation or informational session, maintain a time sheet which will be provided, and actively engage in the program activities.

- Attendance. Students are expected to attend the weekly class sessions as well as attend the designed clinic as assigned, depending on the area of study.

Grading Policy:

Students will have the opportunity to earn points towards their grade through assignments and class participation.

Source	Points	% of Grade
Literature Review or Project	100	25%
Proposal presentation	100	25%
Final Presentation	100	25%
Attendance	100	25%

256-267	64-66	D
240-255	60-63	D-
≤ 239	<60	F

Course Policies/Procedures:

- Attendance:** Professional attendance is required. Students must report absences to the instructor in person or by email prior to class meeting. Practice attending now as attendance (and promptness) at scheduled meetings is a professional behavior that students will need to develop and maintain.
- Students are responsible for all materials covered in their absence.** This means that students must obtain any materials handed out during a missed session from a classmate.
- Cellphones/Recording/Electronic Devices:** Please silence all cellphones and other communication devices prior to class. To facilitate students' learning (practice in note-taking) and out of respect for fellow classmates (to allow all students to feel comfortable actively participating in class discussion), students are not permitted to audio or video record.
- Technology use in the classroom:** It is a course expectation that students will participate fully in class discussion and give classmates and language partners their full and undivided attention. Laptops or other technological devices will only be permitted to be used during class time if they allow students to take notes on lecture materials and if they are able to be physically and mentally present in class. Students are not permitted to engage in other homework or extracurricular activities during class time. "Multitasking" will not be permitted.

5. **Course Evaluations:** At the completion of the course, each student is expected to comment on the nature of this course. This procedure allows the instructor to modify segments of the course in order to make it more applicable to future students' educational and professional growth.
