#### Catalogue Course Description:

Supervised clinical practice in audiology with an emphasis on developing clinical skills for audiologic evaluations, amplification, and aural rehabilitation.

**Prerequisite(s): Admission to Doctor of Audiology program; CSAD 610, 620C**

**Corequisite(s): 630**

**Term typically offered: Summer only**

#### Hours

~120 hours/semester

#### **Description:**

CSAD 630C: Supervised clinical practice in audiology with an emphasis on developing second-semester clinical skills for the basics of the audiologic evaluation (otoscopy, immittance, pure-tone air- and bone-conduction audiometry, speech audiometry).

Sacramento State Graduate Learning Goals (GLG)	Addressed by this course (Y/N)
<b>Disciplinary knowledge:</b> <i>Master, integrate, and apply disciplinary knowledge and skills to current, practical, and important contexts and situations.</i>	Y
<b>Communication:</b> <i>Communicate key knowledge with clarity and purpose both within the discipline and in broader contexts.</i>	Y
<b>Critical thinking/analysis:</b> <i>Demonstrate the ability to be creative, analytical, and critical thinkers.</i>	Y
<b>Information literacy:</b> <i>Demonstrate the ability to obtain, assess, and analyze information from a myriad of sources.</i>	Y

<b>Professionalism:</b> <i>Demonstrate an understanding of professional integrity.</i>	Y
<b>Intercultural/Global Perspectives:</b> <i>Demonstrate relevant knowledge and application of intercultural and/or global perspectives.</i>	Y
<b>Research:</b> <i>Conduct independent research resulting in an original contribution to knowledge in the focused areas of their graduate program</i>	Y

Supervised clinical practice in audiology with an emphasis on developing second-semester clinical skills for the basics of the audiologic evaluation (otoscopy, immittance, pure-tone air- and bone-conduction audiometry, speech audiometry), amplification, aural rehabilitation (group sessions, orientation, counseling) and possibly specialized testing and services such as tinnitus assessment and management, cerumen management, aural rehabilitation & cochlear implant evaluations. This class corresponds with CSAD630.

*The student clinician will be responsible for:*

- a. Reviewing and familiarizing yourselves with the clinic handbook at the beginning of the semester.
- b. Assessing clients' auditory and/or vestibular systems in terms of structure and function.
- c. Arriving on time to clinic (i.e., 30 minutes before scheduled patient appointment).
- d. Prescribing appropriate management and/or treatment methodologies for hearing and/or balance disorders.
- e. Interpreting results of case history, previous evaluations and/or referrals.
- f. Writing pertinent HIPAA compliant information to prepare for appointments. Outline measurable outcomes/clinic goals for every appointment.
- e. First drafts of written reports must be completed in Counsel Ear **within two/ three business days**. Please print a copy of the professional report and check the following: student clinician, supervisor, calibration date, patient reliability, transducer, tympanometry type and case history information. The report should contain the following sections: history, results, impressions, and recommendations. Please give the copy of the report to your supervisor once the first draft is completed. Revisions will be discussed following submission. **Two late submissions automatically will drop your final writing area clinical competency grade by one letter grade through reduction of points.**
- f. Meeting with all assigned patients. Once the student clinician has begun the practicum, dropping clinical practicum classes by the student clinician is prohibited except for medical reasons or extraordinary circumstances as approved by the Department.
- g. Evaluating performance midterm and final. Written self-reflections (identifying clinical strengths and areas for improvement) are to be submitted to the assigned clinical instructor.
- h. Meeting with the assigned Clinical Instructor on a once weekly basis is mandatory. The clinical instructor will be available at other times also, but the weekly meeting should center on specific questions/concerns you have about assigned clients. Prepare for these weekly meetings: Have specific questions written and ready to discuss. If you are unable to keep your appointment, you must cancel prior to meeting time and reschedule with your Clinical Instructor.
- i. No-show appointments, students will be responsible for (but not limited to) performing lab/sim-lab assignments, reviewing pathologies, practicing basic and specialized test batteries, taking clinic inventory, and administrative tasks.

### **WHY IS THIS COURSE IMPORTANT?**

This rotation is important for gaining experience in various settings in audiology.

## GRADUATE UNIVERSITY LEARNING GOALS

	1 Disciplinary knowledge	2 Communication	3 Critical thinking/analysis	4 Information literacy	5 Professionalism	6 Intercultural/global perspectives	7 Research
Addressed by this course	X	X	X	X	X	X	X

## GRADUATE LEARNER OUTCOMES

Upon completion of this course, students will be able to:

1. Communicate effectively, orally and in written form, with patients, families, caregivers, and other health care providers
2. Develop written reports for diagnosis, evaluation, and recommendations
3. Diagnose, triage, treat, and manage auditory and vestibular conditions and diseases for patients across the lifespan
4. Discuss findings, diagnosis, and treatment options with the patient, family, and other health care providers
5. Adhere to professional ethics as they relate to the practice of audiology
6. Describe and discuss clinical experiences in a professional manner.
7. Identify relationships between clinical experiences and didactic learning.

Graduate Learner Outcome	Component Indicating Competence
Assessment: 3	Audiological Evaluation Documentation
Treatment: 1, 4	Clinical Instructor session notes
Writing: 1, 2	Student Clinician Written Reports; Timely submission of reports
Professional Behavior: 5, 6	Clinical Instructor session notes; Required student self-reflections; Attendance at weekly meetings

## Course Requirements/Components

### Course Format

Clinical

### GRADING:

This course is graded as Pass or Fail. A pass grade of B (~83%) is required. The following components will be evaluated by your supervisor to determine your final grade:

Final Evaluation in Calipso	70%
Attendance, Communication & Professionalism	10%
Clinic Goals + Expectations/ skills assessment	10%
Calipso Patient Clock Hours & Supervisor Feedback Form	10%

**Final Evaluation in Calipso – (70%)**

You should review this form BEFORE clinic starts so that you are aware of all the components that will become part of your formative and summative assessments for this clinic. The Clinical Competency form will be completed by your clinical supervisor at midterm and at final, but it is the final Clinical Competency Report on which your clinic grade is based.

The Clinical Competency Form is separated into seven general competency categories: Prevention, Screening and Identification, Assessment, Audiologic (Re)habilitation, Pediatric (Re)habilitation, Counseling, Communication, and Professional Practice. Each general competency area consists of numerous individual line items.

Your grade for clinic performance is based on an average of all of the Clinical Competencies that your clinical supervisor completes.

The Clinical Competency Form is separated into seven general competency categories. A passing grade for each clinic is a B or higher. A passing grade is obtained by achieving a rating of 4.15 or better on the average combined score of the 7 general competency categories, provided that the student achieves; (a) an average rating of 4.15 or better for **each** of the 7 general competency categories **and** (b) a minimum score of 4.15 on **all** individual competency line items. Therefore, any student receiving (a) a rating of 4.14 or less on any one (or more) specific line item **or** (b) a rating of 4.14 or less for a competency category will not pass the clinic, even if their average combined score of the 7 general competency categories is a B or higher. In such cases, a grade of B- will be given for the clinic. A student may receive a passing grade in the clinic after receiving 4.14 or lower on any one (or more) specific line item on any Clinical Competency form IF the student successfully completes a Performance Improvement Plan directed by their assigned Clinical Instructor.

SCORE	LETTER GRADE	DESCRIPTION
4.65 - 5.00	A	<b><u>Exceeds Performance Expectations* (Pass)</u></b>
4.50 - 4.64	A-	(Minimum assistance required) <ul style="list-style-type: none"> <li>• Clinical skill/behavior well-developed, consistently demonstrated, and effectively implemented</li> <li>• Demonstrates creative problem solving</li> <li>• Clinical Instructor consults and provides guidance on ideas initiated by student</li> </ul>

**NOTE: Students who have a grade equal to or less than a B on any assessment listed below must meet with the instructor (initiation of an PIP with the program director).**

**Attendance, communication and professionalism – 10%**

***Attendance***

If a student is ill and cannot attend clinic, please contact your clinical supervisor at the earliest. Students are expected to **meet all clinic appointments**. Students need to fill out an [Absence Form](#) when they are expecting to miss clinic for a pre-excused (approved by your supervisor) absence. Makeup day(s) must be arranged.

Given the full-time, intensive nature of this doctoral program, it is important that students contact instructors if they are anticipating an absence, especially over an extended period of time. In the case of the latter, the Au.D. Program Director must also be notified. Attendance for clinical practica is outlined in the clinic handbook.

Failure to notify your supervisor of any absences via email and the absence form, as well as excessive tardiness, will result in ~2% reduction per occurrence up to a maximum of a 10% grade reduction.

***Communication***

Students must maintain timely, respectful and professional communication with clinical supervisor. Students and supervisors should meet on a weekly basis to prepare for patient appointments, discuss cases, etc.

For email correspondence (your instructors preferred method of contact), students should be:

1. Using the CSUS email ([\\_\\_\\_\\_@csus.edu](#))
2. Checking emails daily.
3. Responding within 48 hours of receipt of email.

Failure to do so may result in a ~2% grade reduction per occurrence up to a maximum of a 10% grade reduction.

***Professionalism***

- Students must be dressed in CSUS Clinic scrubs and present well-groomed and professional in appearance. Inappropriate clinical attire could result in a student being asked to leave clinic and return when appropriately dressed.
- Students should adhere to the standards set forth in the clinic handbook regarding patient confidentiality. Any violation of these policies will result in the student receiving a failing grade in the clinic
- Students should be engaged throughout all appointments, even when they are not taking the lead. Cellphone use during clinic will not be tolerated.

Any violation of the above may result in a ~2% grade reduction per occurrence up to a maximum of a 10% grade reduction.

### **Clinic Goals -10%**

- Students are required to submit at least three goals by the end of the first week in clinic. These goals must be submitted in Canvas by 5:00 pm Monday June 5th, 2023. Submit this as part of your expectations/ skills document.
- Using the **SMART** goal-setting method- **S**pecific, **M**easurable, **A**ttainable, **R**ealistic and **T**imely.
  - Appropriate SMART goal: “I want to successfully complete an audiometric evaluation within the allotted time frame 3 out of 5 times with no more than two interjections from my clinical supervisor”
  - Inappropriate SMART goal: “I want to improve my skills with audiometric evaluation this semester”.
- Format for SMART Goals should be similar to the following example:

Short Term Goal: “I will complete all parts of a tinnitus evaluation by the end of Summer semester.”

SMART Objectives: To achieve this goal I will:

- Read tinnitus articles and Jastreboffs articles/book chapters
- Familiarize myself with tinnitus retraining therapy protocols
- Practice the test battery on my peers during spare moments in clinic or in my free time.
- Ask follow up questions to my supervisor to understand the premise of each test and the reason behind each recommendation.

Your goals may include fewer or more objectives than the example shown above. Ultimately, this is your professional goal, so the more you put into it, the more experience you get out.

Goals that are not specific/measurable will be returned to you to rewrite. A 5% reduction will be applied for all late submissions or goals that have to be re-written more than twice. It is highly recommended that you consult your supervisor and schedule a time during that first week of clinic to establish your identified goals prior to the assignment due date, to ensure they are realistic, attainable and appropriate.

### **Calipso Patient Clock Hours & Supervisor Feedback Form– 10%**

**Patient contact hours (clock hours must be submitted to your supervisor weekly in Calipso.** It is your responsibility to periodically remind your clinical supervisor to sign off on your Calipso hours. Failure to submit clock hours weekly will result in ~2% reduction of your grade per occurrence up to a maximum of 5% grade reduction.

#### **Supervisor Feedback Forms:**

1. Login to Calipso
2. From the Lobby page, click “Supervisor Feedback forms”
3. Clinic “New Supervisor feedback”
4. Complete form and click “Submit Feedback”
5. Your completed feedback will be posted for Clinical Education Coordinator approval. Once approved, feedback will be posted for the clinical supervisor to view. Until approved, the feedback may be edited by clicking on “View/edit”.

## Additional Information

### Academic conduct

Students enrolled in the Au.D. program must adhere to the Department and University policies on academic misconduct. Please see the department's policy on academic misconduct ("Policy on Student Academic and Clinical Conduct"). The following are expectations for professional behavior in the classroom:

- **Ethics:** Students must uphold the ethical standards set forth by professional bodies in the field (see Appendices C and D).
- **Respect:** Students should demonstrate respect to their peers, instructors, and staff.
- **Feedback:** Students are expected to self-reflect and modify their work in response to feedback, while displaying non-defensive behavior to suggestions.
- **Health:** Students should maintain their personal wellness and health, attending to any needs in a timely fashion in order to support their academic and professional growth.
- **Attire:** Students should dress appropriately for class. Classes may be held in clinic space, so students are expected to observe the clinic dress code.
- **Accountability:** Students are expected to be accountable, honest, and professional for their activities and communications. The general principles of ethical behavior should be applied to their coursework, evaluations, and examinations.
- **Language:** Students should demonstrate professional oral and written communication, including emails. Discretion and professional language should be used in all modalities, emphasizing constructive rather than reactive use.
- **Scholarship:** Students should take an active role in their learning, recognizing their deficiencies and seeking to correct them, as part of their commitment to lifelong learning.
- **Effort:** Students should collaborate and work to complete tasks and assignments on time or by the set deadline. Students are expected to follow through on all activities while maintaining professionalism and intellectual curiosity.

### Accommodations

Inform your instructor of any accommodations needed. If you have a documented disability and verification from the Disability Access Center (Formerly known as SSWD), and wish to discuss academic accommodations, please contact your instructor as soon as possible. It is the student's responsibility to provide documentation of disability to DAC and meet with a SSWD counselor to request special accommodation before classes start. DAC is located in Lassen Hall 1008 and can be contacted by phone at [\(916\) 278-6955](tel:9162786955) (Voice) or [\(916\) 278-7239](tel:9162787239) (TDD only) or via email at [dac@csus.edu](mailto:dac@csus.edu)

### Commitment to Integrity:

As a student in this course (and at this university) you are expected to maintain high degrees of professionalism, commitment to active learning and participation in this class and also integrity in your behavior in and out of the classroom.

### Sac State's Academic Honesty Policy & Procedures:

"The principles of truth and honesty are recognized as fundamental to a community of scholars and teachers. California State University, Sacramento expects that both faculty and students will honor these principles, and in so

doing, will protect the integrity of academic work and student grades.” Read more about Sac State’s Academic Honesty Policy & Procedures at the following website: <http://www.csus.edu/umannual/student/stu-0100.htm>

**Definitions:** At Sac State, “cheating is the act of obtaining or attempting to obtain credit for academic work through the use of any dishonest, deceptive, or fraudulent means.” **Plagiarism** is a form of cheating. At Sac State, “plagiarism is the use of distinctive ideas or works belonging to another person without providing adequate acknowledgement of that person’s contribution.” Source: Sacramento State University Library Note: Any form of academic dishonesty, including cheating and plagiarism, shall be reported to the [Office of Student Conduct](#).

## Department Policy on Use of APA format

The Department of Communication Sciences and Disorders requires the use of the APA format and style. All students are required to reference the APA manual. All assignments are to be composed using APA format and style unless otherwise noted.

## Understand When You May Drop This Course:

It is the student’s responsibility to understand when he/she need to consider disenrolling from a course. Refer to the Sac State Course Schedule for dates and deadlines for registration. After this period, a serious and compelling reason is required to drop from the course. Serious and compelling reasons include: (a) documented and significant change in work hours, leaving student unable to attend class, or (b) documented and severe physical/mental illness/injury to the student or student’s family. Under emergency/special circumstances, students may petition for an incomplete grade. An incomplete will only be assigned if there is a compelling extenuating circumstance. All incomplete course assignments must be completed by the department’s policy.

## Inclusivity:

Students in this class are encouraged to be active participants in all aspects of the course, including but not limited to lectures, synchronous and asynchronous activities, discussion posts, etc. Each of us must show respect for each other, as our class represents a diversity of beliefs, backgrounds, and experiences. This enriches all of our learning experiences together. Our individual differences deepen our understanding of one another and the world around us, rather than divide us. In this class, people of all ethnicities, genders and gender identities, religions, ages, sexual orientations, disabilities, socioeconomic backgrounds, regions, and nationalities are strongly encouraged to share their rich array of perspectives and experiences. If you feel your differences may in some way isolate you from our classroom community, or if you have a specific need, please contact the instructor early in the semester. Your instructor will work with you to ensure that you become an active and engaged member of our class and community.

## Equal Access:

California State University-Sacramento, Department of Communication Sciences and Disorders, seeks to provide equal access to its programs, services, and activities for people with disabilities. If you have a documented disability and verification from the Office of Services to Students with Disabilities (SSWD), and wish to discuss academic accommodations, please contact your instructor as soon as possible. It is the student’s responsibility to provide documentation of disability to SSWD and meet with a SSWD counselor to request special accommodation before classes start. **Sacramento State Services to Students with Disabilities (SSWD)** offers a wide range of support services and accommodations for students in order to ensure students with disabilities have equal access and opportunity to pursue their educational goals. Working collaboratively with students, faculty, staff and administrators, SSWD provides consultation and serves as the information resource on disability related issues to the campus community. SSWD is located in Lassen Hall 1008 and can be contacted by phone at (916) 278-6955 (Voice) or (916) 278-7239 (TDD only) or via email at [sswd@csus.edu](mailto:sswd@csus.edu).

## Basic Needs Support

If you are experiencing challenges with food, housing, financial or other unique circumstances that are impacting your education, help is just a phone call or email away! The CARES office provides case management support for any enrolled student. Email the CARES office at [cares@csus.edu](mailto:cares@csus.edu) to speak with a case manager about the resources available to you. Check out the [CARES website](#).
