The CDC provides a good source of information regarding COVID-19 and a way to self-check symptoms: <https://www.cdc.gov/coronavirus/2019-ncov/index.html>

**Attendance/Grading:** This course does involve verbal interaction among the students and the instructor. Class attendance supports your learning and your peers' learning. Please report absences to the instructor via email *prior* to class meetings and work with them to submit any missed assignments at a future time so that your grade will not be affected.

**Class Meetings and Participation:** Because this is a seminar, active listening, participation, and problem solving are expected. For example, when you are listening to another student present their ideas, you should take notes and offer suggestions. Comments such as "I agree" or "great idea," are okay; however, substantive participation (e.g., comments that help advance the discussion, or that help develop a new angle on a problem) is considered to be far more meaningful participation. Speech-Language Pathology is a profession in which you need to actively problem-solve at all times, and the goal of this class is to support your ability to work on transdisciplinary diagnostic and treatment teams

### **Recordings:**

No recordings will be permitted during this class because confidential client information will be discussed.

### **Confidentiality:**

Please consult your clinic handbook regarding client confidentiality and client confidentiality. Any violation of these policies will result in the student receiving a failing grade in the clinic through reduction of points.

### **Late Work Policy:**

Late work will be penalized by 10% of the total value of the assignment per additional day late.

Communication is valued. Students who experience a home or work hardship and require extra time on assignments are strongly encouraged to contact the instructor immediately and discuss options for late submission of classwork ahead of time.

**Academic Performance Improvement Plans:**

An Academic Performance Improvement Plan may be implemented at any time by the course instructor. Academic Performance Improvement Plans are used as teaching tools to assist students in the demonstration of proficiency in any area related to assessment. Academic Performance Improvement Plans may or may not be assigned at the time of a competency form. Academic Performance Improvement Plans that are written must be successfully completed by the student prior to receiving a passing grade in the clinic. Students with outstanding Academic Performance Improvement Plan(s) or those who fail to successfully complete a Academic Performance Improvement Plan will not receive a passing grade for the clinic.
