CSUS CSAD MS Program Learning Outcomes

The course must provide Competency Enriched Activities (e.g., content and opportunities) for students to learn so that each student can **demonstrate professional attributes and abilities**. To that end, identifying and articulating the ASHA Professional Competencies and Foundational Knowledge, and/or clinical skills that you acquire in this course and during your time at Sac State are critical to becoming career ready and your success both as a student and post-graduation. In this syllabus, assignments, readings, in-class activities, and exams are all opportunities where you can enhance and gain the professional and foundational competencies and skills that employers are seeking and the field requires. This will occur throughout this course including class conversations and will contribute to your ability to identify and articulate these competencies and skills when applying for leadership roles, internships, employment, doctoral programs, fellowships, and more. Note: Failure to meet professional competencies may result in an Academic Performance Improvement Plan (A-PIP) or Clinical Performance Improvement Plan (C-PIP.)

Mastery of each student-learning outcome listed below is indicated by a grade of B or better on each component of the corresponding measures listed in the table. Students are required to track their progress towards meeting each learning outcome and must make an appointment with the instructor for any grade equal to or less than a B. The instructor will suggest strategies to help you establish competence and knowledge in these areas.

Students should track their progress towards meeting each learning outcome by listing their grades on the table below over the course of the semester.

Grading Policy:

CSUS Grading Policy

The CSUS Grading Policy (Policy# 11476953) can be found at:

<https://sacramentostate.policystat.com/policy/11476953/latest>

A passing grade for clinic performance is based on the Final Clinical Competency Form. You should review this form BEFORE clinic starts so that you are aware of all items that will become part of your formative and summative assessment for this clinic. The Clinical Competency form will be completed by your clinical instructor at midterm and at final, but it is the **final** Clinical Competency Report on which your clinic grade is based. The Clinical Competency Form is separated into four (4) general competency categories: Writing, Assessment, Treatment, and Professional Behavior. Each general competency area consists of numerous individual line items.

A passing grade for each clinic is a B- or higher. A passing grade is obtained by achieving a rating of 4.0 or better on the average combined score of the 4 general competency categories, provided that the student achieves; (a) an average rating of 4.0 or better for **each** of the 4 general competency categories **and** (b) a minimum score of 3.0 on **all** individual competency line items. **Therefore, any student receiving (a) a rating of 2.99 or less on any one (or more) specific line item or (b) a rating of 3.99 or less for a competency category will not pass the clinic, even if their average combined score of the 4 general competency categories is a B- or higher. In such cases, a grade of C+ will be given for the clinic.**

Letter grades will be based upon the following:

Course Policies/Procedures:

Course Policies

Attendance: Attendance to treatment and meetings is required. Missed treatment sessions will be made up the week after clinic and before finals and requires the approval of your clinical instructor. Should you be unable to attend or tardy for a treatment session or meeting, alert your clinical instructor and follow clinic and tele-practice procedures. Attendance is mandatory at each clinical assignment for which Student Clinicians are scheduled. If for any reason you cannot attend a session(s) due to illness, emergency, or other extenuating circumstance, please adhere to the procedures outlined in the Clinic Handbook.

Clinical Instructors: Therapy times have been assigned by the scheduling office. Schedule changes must be approved by the Clinic Coordinator. Meetings with your clinical instructor will be either individual or group meetings. Should a concern arise regarding clinical issues, please communicate with the clinical instructor first and then the clinic coordinator if concerns persist.

Assignments: Assignments are due to the CI, on or before the date given by the CI. Late, missing, or incomplete assignments will affect the midterm and final competency scores. In the case of medical emergencies or illness, the student must submit written documentation.
