Expected Learning Outcomes (ELO)

Mastery of each student-learning outcome listed below is indicated by a grade of B or better on each component of the corresponding measures listed in the table. Students are required to track their progress towards meeting each learning outcome and must make an appointment with the instructor for any grade equal to or less than a B. The instructor will suggest strategies to help you establish competence and knowledge in these areas.

Students should track their progress towards meeting each learning outcome by listing their grades on the table below over the course of the semester.

Course Learning Outcome	Components Indicating Competence	Grades Received
1. Discuss and compare the usefulness of various standardized and non-standardized testing instruments, including systematic observation. This will be evaluated by the verbal contributions made in the classroom.	Assessment Comparison Attendance	
2. Write a comprehensive, yet succinct, Assessment Plan for an individual client. These plans will be presented in written and verbal format to the class on the week prior to the actual assessment. Plans will be evaluated on appropriateness to the client, comprehensiveness, and whether or not the plan is time efficient. Oral presentations will be graded on clarity of presentation.	Written Assessment Plans	
3. Verbally exchange ideas and information with classmates regarding the pros and cons of any one particular standardized and/or non-standardized testing instrument for evaluating any one client, utilizing a "Grand Rounds" approach.	Assessment Comparison Verbal Presentations Attendance	
4. Discuss the purpose and format of the Diagnostic Summary in a client report.	Verbal Presentations Attendance	
5. Evaluate client questionnaires and historical information using critical thinking and	Written Assessment Plans	

decision making to develop assessment plans.		
6. Present assessment plans to the class in a collaborative and Grand Rounds manner and for the purpose of receiving collaborative feedback.	Verbal Presentations Attendance	

CSUS CSAD MS Program Learning Outcomes

The course must provide Competency Enriched Activities (e.g., content and opportunities) for students to learn so that each student can **demonstrate professional attributes and abilities.** To that end, identifying and articulating the ASHA Professional Competencies and Foundational Knowledge, and/or clinical skills that you acquire in this course and during your time at Sac State are critical to becoming career ready and your success both as a student and post-graduation. In this syllabus, assignments, readings, in-class activities, and exams are all opportunities where you can enhance and gain the professional and foundational competencies and skills that employers are seeking and the field requires. This will occur throughout this course including class conversations and will contribute to your ability to identify and articulate these competencies and skills when applying for leadership roles, internships, employment, doctoral programs, fellowships, and more. Note: Failure to meet professional competencies may result in an Academic Performance Improvement Plan (A-PIP) or Clinical Performance Improvement Plan (C-PIP.)
