

Due to the Graduate Committee (Email to graduate coordinator):
Within three weeks of approved Intent to Present Form

Signatures

I understand that by signing this form I am committed to presenting my literature seminar on my assigned date/semester. I understand that I am required to enroll in Chem 294 during the semester where I give my literature seminar. If for any unexcused reason the seminar is canceled, I will be required to wait one semester before requesting a new seminar date. If the seminar is canceled for an excused reason (illness, etc.), I will be required to present documentation to this effect to the graduate committee and will be allowed to reschedule my seminar for the next semester. In either of these cases, I will be required to re-enroll in Chem 294 during the new semester, unless I have already completed four semesters of Chem 294 and received approval from the graduate committee.

Student Signature: _____ Date: _____

By signing this form, I approve the seminar topic, abstract, and preferred seminar dates. I will serve as a resource to the student in preparing for their literature seminar.

Research Advisor Signature: _____ Date: _____

By signing this form, I approve the seminar topic and abstract. I will attend the student's seminar, or view a recorded version thereof, as it contains the pertinent background information of their research thesis proposal.
