Data as of 2020Q3 unless noted otherwise

1. Occupation wages are as of 2019 and should be taken as the average for all Covered Employment

2. Data represent found online ads active within the last thirty days in the selected region; data represents a sampling rather than the complete universe of postings. Ads lacking zip code information but designating a place (city, town, etc.) may be assigned to the zip code with greatest employment in that place for queries in this analytic. Due to alternative county-assignment algorithms, ad counts in this analytic may not match that shown in RTI (nor in the popup window ad list).

3. Source: Census 2018

4. Source: Local Area Unemployment Statistics, data as of Feb 2021 and represent the average rate across all occupations

5. Source: American Community Survey 2015-2019. Median values for certain aggregate regions (such as MSAs) may be estimated as the weighted averages of the median values from the composing counties.
