

SACRAMENTO STATE

MATH LAB

FREE DROP-IN MATH AND STATISTICS TUTORING FOR SAC STATE STUDENTS!

If you need help in your lower division mathematics or statistics class, please drop-in to talk to one of our peer tutors! Our tutors are also Sac State students who have been successful in their math classes and are here to help you with yours.

Sac State students are welcome to come individually or as a group to get help from a tutor, no appointment needed.

Students are also encouraged to work on homework in the Lab and get help from a tutor if questions arise. Students can also check out textbooks or calculators and utilize other resources.
