 - *Friday January 17, from 10am—12:30pm in the Student Union*
- *Enroll in your programs starting at **8 am** on Tuesday, January 21*

How to Contact Us

Renaissance Society Office:

350 University Ave., Suite 108, Sacramento, CA 95825 916-758-5133 renaissa@csus.edu

Renaissance Society Website: www.csus.edu/rensoc **Office Hours: M-F; 10-1**

Welcome to Spring 2025

Happy New Year and welcome to our Spring 2025 Renaissance Society Semester!

As we celebrate the 39th year of our Renaissance Society, we are proud of our growth and accomplishments from four seminars and one Forum in 1986 to the just-ended academic semester with 39 seminars, 56 single presentations, 28 Shared Interest Groups, 6 Community Presentations, and 13 Forums.

To avoid future membership cost increases, however, it is essential to increase our membership. We ended 2023-2024 with 1,784 members, including over 70 honorary members, and we need to increase this number to over 1,900 to meet expenses. If you are able, we would also appreciate an extra donation when you register. All our revenue comes from membership dues and these "Give Something Extra" donations.

Please tell your friends and co-workers about this amazing organization and its many benefits for adults. Remember, we are interested in recruiting folks in their 40s, 50s, 60s, and beyond! And speaking of welcome, it is our goal to foster an environment of belonging and inclusivity for all members, including members of our region's diverse communities. Do you know someone who doesn't share your same ethnic background? Be sure to extend a warm invitation and encourage them to join.

We especially look forward to diversifying not only our membership but also our program leaders and program content. This semester, we continue a "Friday Diversity Series" to highlight the history and culture of the many wonderful communities in the region. We will also strive to offer exciting social events, opportunities to interact with Sac State students, and ongoing philanthropy. Since 1993, we have given over \$290,000 in scholarships for 128 students, and last year we contributed over \$40,000 to the ASI Food Pantry, winning the Golden Plate Award for the third consecutive year for donating the most to the Thanksgiving Food Basket Drive.

Let's keep up the great work and, most of all, enjoy our time as Renaissance members!

A handwritten signature in blue ink, reading "Deborah Seiler".

Deborah Seiler, Board President

At-a-Glance Program Schedule

This At-a-Glance Program Schedule (AAG) organizes programs by day of week, time of day, and type of program. Use the Abbreviation Key on the next page to identify each program's delivery format and recording status.

WHAT'S NEW!

- Enroll in your favorite programs at **8 am** on January 21
- ★ No more 6 am wake-up calls

Catalog page numbers were not available at the time of printing. Use the AAG page number space to write in the page numbers for your programs. See the catalog for classroom and off-campus locations.

Program Definitions

Seminars – led by one or more members, range from 3-13 weeks, and focus on one subject.

Shared Interest Groups (SIGs) – facilitated by members, offer activities centered on what people enjoy doing together. These groups usually meet off campus or on Zoom. Some are year-round.

One-Time Presentations – feature a variety of single presentations by member and guest speakers. The

- *Community Speakers Series* and *Monday Big History Series* enrollments are open to non-members: Bring your family and friends.
- *Tuesday Speakers*, *Wednesday Science*, *Friday Morning On-campus*, *Topics in the American Revolution*, and *Friday Afternoon Diversity Series* require membership.

Forums – Friday's premier speaker program held at 3 pm that features prominent community leaders who address newsworthy issues.

Program Identifiers and Delivery Format Definitions

Diversity (D) programs address in detail or in part, issues encompassing various aspects of culture, race, ethnicity, religion, gender, age, ability, sexual orientation, or social economics, to foster mutual understanding, which is essential for creating inclusive environments where all individuals feel valued and respected.

In-person and Recorded (IP-R) programs are offered live in-person but not live on Zoom. They are recorded for future viewing.

Selective Enrollment (SE) programs are *Friday* in-person and hybrid Seminar and SIG groupings that are offered on the same dates and at the same times. Members can enroll in only one of the programs in each of these groupings. All other programs allow for overlapping enrollment. For any SE program that is recorded, you may email the program leader to request a copy of the recording even if you're not enrolled in the program.

Walk-in (WI) programs allow you to enroll in advance, which allows us to notify you of last-minute program changes. However, available seats are first-come/first served.

D/Z/R	3–4pm	Qi Gong	David Mitchell Marilyn Bradford	Feb 3-May 5	
<i>One-Time Presentations – Monday Big History Series</i> [Ranny Eckstrom – Coordinator]					
<p>Big History is the interdisciplinary view of history, science, and the humanities that explores human existence. In Spring 2025 we will explore the Modern Age. Historians vary in the dates of this era, but for us, it will cover roughly the last 500 years. This period will include many world-wide cultural, political, economic and technological changes. Exploring this period not only broadens our understanding of recent history but also highlights the immense impact in shaping the world we inhabit today. Big History presentations are open to the public and are recorded, so you can choose those you wish to attend.</p>					
Z/R	10–11:30am	Monday Big History Series – The Modern Age	Ranny Eckstrom	Feb 3-May 5

<i>One-Time Presentations – Wednesday Science Series</i>					
<p>The possibility of going into space may have started with Jules Verne and his 1865 book <i>From Earth to the Moon</i>. In 1946 American scientist Lyman Spitzer proposed space satellites followed soon after by Arthur C Clark, who wrote <i>2001, A Space Odyssey</i>. Eleven years later in 1957 Russia launched Sputnik. America joined the space race the next year with Explorer 1. Thus, the age of satellites in space began. There are now over 15,000 satellites orbiting the earth with thousands more coming soon. Many questions arise. What do they all do? What have we learned from space satellites? Are they safe? What happens when they no longer work? And will there be a war in space? Those are just a few from a long list of questions. What questions do you have? 'See' you on Feb 5th at 10 AM to start answering those questions.</p>					
Z/R	10–11am	Space Satellites–From Sputnik to Hubble and Beyond	David (Dave) Lewis	Feb 5–Apr 9
