

- **Lock meeting:** Locks the meeting, preventing new participants from joining the meeting.
- **Enable waiting room:** Enables the waiting room for incoming new participants or to move current participants into the waiting room.
- **Hide profile pictures:** Hide all profile pictures, including the host's. Display names are shown instead.
- **Allow all participants to:**
 - **Share screen:** Allows participants to share their screens.
 - **Chat:** Allows participants to use the in-meeting chat feature.
 - **Rename themselves:** Allows participants to rename themselves from the **Participants** panel.
 - **Unmute themselves*:** Allows participants to unmute themselves without the host's permission.
Note: The host, any co-hosts, and any language interpreters are exempt from this when it's disabled.
 - **Start video*:** Allows participants to start their video in the meeting.
 - **Annotate on shared content:** Allows participants to annotate over content shared during the meeting. This option is only available when the host or co-host is sharing.
 - **Share whiteboards:** Allows participants to open and share a Zoom Whiteboard.
 - **Share notes:** Allows participants to open and share Zoom Notes.
 - **Record to computer:** Allows participants to record locally to their device without requesting permission from the host.
 - **Request to record to computer:** Allows participants to request permission from the host to record locally to their device.
 - **Request host to start cloud recording:** Allows participants to send a request to the host to start recording to the cloud.
 - **Collaborate with Zoom Apps:** Allows participants to view and work collaboratively with a Zoom App.
 - **Set meeting timers:** Allows participants to set a meeting timer.
***Note:** Disabling the **Unmute themselves** and **Start video** options does not affect participants' ability to control their audio and video while in a breakout room. Only participants in the main session are affected.
- **Remove participant:** Remove a participant during the meeting. The participant cannot rejoin unless **Allow removed participants to rejoin** is enabled in Meeting settings.
- **Suspend participant activities:** Turn off all participants' video, audio, Zoom Apps, and ability to share their screen. Also locks the meeting to prevent participants from joining. This will apply to all participants, including those joined using a Zoom Room.
