

## Where are student pronouns visible, in CMS?

For the students who decide to enter pronouns, those pronouns will be visible on the following CMS pages:

- 1. Class Roster:** Faculty will be able to see student's pronouns when they view the class roster for different courses, if the student has entered pronouns in their student center.

Carrie Underwood

2. **Advising Center and Advising Summary page:** All campus advisors will be able to see their advisees' pronouns on their Advisor Centers if the student has entered pronouns in the student center:

The screenshot displays the 'Advisor Center' for 'Suzy Sailor'. The interface includes a navigation bar with 'Faculty Center', 'Advisor Center', 'Search', and 'Learning Management'. Below this is a sub-navigation bar with 'My Advisees', 'Student Center', 'General Info', 'Transfer Credit', and 'Academics'. The main content area is titled 'Advisee General Info' and 'Suzy Sailor'. It features two columns of links: 'Service Indicators' (Student Groups, National ID, Addresses, Email Addresses) and 'Initiated Checklists' (Personal Data, Names, Phones). There are 'Collapse All' and 'Expand All' buttons. The 'Personal Data' section is expanded, showing 'Campus ID', 'Date of Birth 05/25/1972', 'Gender Female', 'Pronouns They/Them/Theirs', and 'Marital Status Unknown'. A red box highlights the 'Personal Data' header and the 'Pronouns' field, with a red arrow pointing to the pronoun text. Other sections like 'Service Indicators', 'Initiated Checklists', and 'Student Groups' are collapsed and show 'No [category] found.' messages. Buttons for 'Edit Service Indicators', 'Review Checklist Summary', 'Edit Student Groups', and 'Edit Personal Data' are visible. 'Go to top' links are present at the bottom of each section.
