

# 7. Transfer Student Results / How Students Spend Their Time

Filters Year: 2024-25 UNITID: 110617

## How Transfer Students Expect to Spend Their Time

Students spend time on many activities—studying, working, co-curriculars, socializing, etc.—and often expect to apportion their time similarly in the first year of college (Mu & Cole, 2019). However, the past is not a perfect predictor of the future. The results below show how much time your students expect to devote to the following activities during the upcoming academic year. Some of these activities facilitate learning (e.g., studying or preparing for class), while others may distract from learning (e.g., too many hours spent working for pay). Understanding these expectations helps campuses align resources and support services to better serve their students.

Studying or preparing for class 683

Participating in co-curricular activities 683

Working for pay 682

Relaxing and socializing 685

Providing care for dependents (children, parents, etc.) 715

Commuting to campus (driving, walking, etc.) 716

Average expected hours per week 0
