

# *Outstanding New Professional*

## **Billy Lo, APIDA Center & Full Circle Project**

Billy comes to Sacramento State from his previous student services and counseling experiences at Sonoma State, Chico State, and most recently UC Davis. Eager to learn, Billy jumped right into his role and acclimated himself rather quickly to the University. A testament of his character and work ethics. Since his tenure, he has led numerous programs and events, most recently the community college strand for the 6th annual APIDA College Day to over 150 transfer ready students. He continues to offer his support and suggestions on how to improve best practices in service to students. I hold no reservation and nominate Billy Lo with the highest praise and enthusiasm for this award. He deserves it.
